"The reports of my death
are greatly exaggerated"

- Privacy

PRIVACY IN CHALLENGING TIMES

- Privacy is a complicated concept
- Depends on cultural, moral, economic, legal, and contextual interpretation
- Oh... and technological interpretation

The NSA is listening

Also, the FSB (KGB)

Also, the 3PLA (State security ministry)

And all the rest too...

Many companies collect personal information

Don't expect me to put their logos here.

I mean, the NSA is scary but G****e and F*****k and A***e are really frightening
